REQUIREMENTS FOR GROCERY & NEWSAGENT CONCESSION

General Outline

We require 2 grocery units to operate from Thursday 28th July until midday Monday 1st August, one at Cherry Hinton Hall (the main Festival site) and one at Coldham's Common campsite. Sizes of units required and trading times are detailed in the specification below.

We require a well-stocked shop that can supply our customers with a good range of products at competitive prices. We are also keen to encourage the use of local suppliers and where possible wholefood products into the grocery.

Please also provide a list of goods to be sold, details of how the shops will be fitted out and staffing levels. Branding is allowed only within the grocery unit, all outside branding will be provided by the Festival and will be generic, i.e. '24 hour grocery'.

Power for lighting and refrigerators will be provided (no flood lights). Each unit will have free access to a 16-amp maximum draw which will terminate in a 16amp Ceeform. Conversion to 13 amp will be available on site. Any additional power must be paid for and requested on the application form.

Trading Spaces

Cherry Hinton Hall, a trading space of between 6m x 6m and 9m x 7m can be provided. This space is prominently located on the main entrance into the Festival, between the arena and the campsite.

Coldham's Common, a space of 5m x 5m will be provided as standard, at the site entrance. Please indicate in your application if you require a smaller or larger trading space than the 5m x 5m for Coldham's Common.

Marquee Hire

At a cost to you we can provide a marquee with the following dimensions:

5m x 5m approx. £500.00

6m x 6m approx. £600.00

Please state your preferred size on your application and indicate if you require hire of a marquee from the Festival. The Festival is able to provide marquees at both sites if required. No tables/chairs will be provided.
