- Amount offered in relation to specific types of goods to be sold and their prices
- Space required on site
- Anticipated quality of service and value for money to Festival goers
- Sustainability

We wish to encourage bids from local and artisan traders who also support the above. Again, this will be taken into consideration when evaluating bids.

You are welcome to put in a bid for more than one site and, unless otherwise stated on your application, the evaluation panel will assume that your preference is for Cherry Hinton Hall site.

If you have been successful, you will be informed of our decision towards the end of January. Due to the number of applicants we cannot reply to unsuccessful applications.

We look forward to receiving your applications.

EVENT INFORMATION FOR TRADERS

Cambridge Folk Festival is one of the premier music events in Europe and one of the longest running and most well known folk festivals in the UK. Held each year in the beautiful setting of Cherry Hinton Hall, it attracts around fourteen thousand people, many of whom return year after year. The Festival is renowned for its unique atmosphere and an eclectic mix of music. The Festival aims to provide the best for artists and audiences alike.

What We Are Looking For

As we continue to develop the Festival we are always looking to improve the quality and diversity of shopping opportunities for our customers. We like to have a broad range of options including more unique and artisan traders, as well as the more common bigger festival stalls. The main site has spaces available within the concession marquee as well as outside, and there are outside trading spaces at Coldham's common. We also want to support local traders and regional food and drink producers where possible by taking geographical proximity into consideration when assessing bids.

We award space based not only on the amount you bid but take into account all the other information you supply e.g. the type of goods, your prices, how much space and how many passes you need. Space on site is extremely limited and therefore the number of units few. Bids should reflect these factors and stated size requirements must be accurate. Stalls specialising in a limited number of items are always looked on favourably where there is less likelihood of crossover with other traders.

It is important that you include with your application your full price list as well as any additional information such as experience, history and photographs you may have of your unit/stall, or samples of your goods where possible.

Environmentally friendly and ethical practices are very important to us. The Festival has steadily progressed to achieve the Outstanding category in the Greener Festival Awards and was in 2016 recognised at the UK Festival Awards for Best Greener Festival. We run a Sustainable Stand Award and choose one caterer and one trader to win. The winner will also be able to use the award to promote themselves in their marketing.

All caterers and traders are asked to state in their application how they will contribute to this ongoing commitment to improving our environmental impact and supporting ethical practices (e.g. use of biodegradable packaging, local suppliers, Fair Trade products, etc.). Applications will not be processed if this statement is missing.

Coldham's Common Site;

Coldham's Common Campsite, which is more peaceful and child friendly, is situated approximately 1.5 miles from the main Festival site. A free regular bus service runs between the two sites.

Facilities include: on-site parking; shower and toilet facilities; catering; family campsite entertainment; floor-singers' stage; late night bar; craft stalls; nearby local swimming pool.

Due to the nature of the site, Coldham's Common quietens down dramatically after about 1pm as everyone heads over to the main site for the music and does not pick up again until approx. 9pm. Some people, especially families come back to the campsite around tea time.

Please bear this information in mind when you apply.

COLDHAM'S COMMON MINIMUM TRADING TIMES

Thursday	11am - 5pm, and 10pm – 12am/midnight. Festival encourages opening between 6pm-8pm but not compulsory.
Friday & Saturday	7am - 1pm and 10pm-12am/midnight. Festival encourages opening between 6pm-8pm but not compulsory.
Sunday	7am - 2pm and 10pm-12.30am Festival encourages opening between 6pm-8pm but not compulsory.
Monday	7am - 12 noon.

Traders are welcome to trade outside of this time should there be demand for it, however there is less expectation to be open in the early evenings. If there seems to be a demand for evening trade, the Festival would encourage any traders who wish to, to open for trading. Please note that throughout the Thursday campers will be arriving and so we highly encourage trading during the course of the day.

We are very keen to develop Coldham's Common and part of this will be in developing the entertainment on the site.

We look to hand pick approximately 4-6 bespoke trader units/stalls to provide a high-quality service at the Coldham's Common campsite.
